Our website is about to undergo a major change in look, feel, navigation etc. Many of the issues identified by Pantelis will be addresses and improvements made.

We are currently reviewing our website and **Pantelis gave us very helpful points to how we setup and maintain our website.**

Pantelis was very helpful and knows his stuff!

I would like to make the review go further by providing some support to implement some of the more technical aspects of the review.

The one critique we could possibly have is the length of the review however with that said, there was a lot of information jammed into this session

6/17/2013 12:06 PM [View respondent's answers](#)

longer !

More viusal aids could have been used for easier understanding. We personally liked the presentation, the way it was verbalised to us. However, visual aids can help too.
